FORMULA.—Every Fluid Drachm represents FIVE grains EACH —
Celery, Coca, Kola, Viburnum and Aromatics.

INDICATIONS.—Loss of Nerve Power (so usual with Lawyers, Preachers, writers and Business Men), Impotency, Spermatorrhea, Nervous Headache, Neuralgia, Paralysis, Hysteria, Opium Habit, Inebriety, Dyspepsia, and ALL LANGUID conditions of the System.

Indispensable to restore a patient after alcoholic excess.

DOSE.—One or two Teaspoonfuls three or more times a day, as directed by the Physician.

ALETRIS CORDIAL

Uterine Tonic and Restorative.

Prepared from the Aletris Farinosa or True Unicorn.

INDICATIONS.—Amenorrhea, Dysmenorrhea, Leucorrhea, Prolapsus Uteri, Sterility, to PREVENT Miscarriage, etc.

DOSE.—One Teaspoonful three or four times a day.

Unrivalled as a Uterine Tonic in Irregular, Painful, Suppressed and Excessive Menstruation.

It Restores Normal Action to the Uterus, and Imparts Vigor to the Entire Uterine System.

Where women have miscarried during previous pregnancies, or in any case where miscarriage is feared, ALETRIS CORDIAL is indicated, and should be continuously administered during entire gestation.

S. H. KENNEDY'S

CONCENTRATED EXTRACT OF

PINUS CANADENSIS

DARK. A Non-Alcoholic Liquid. **WHITE.**

A Most Valuable Non-Irritating Mucous Astringent.

CACTINA PILLETS.

Indicated in *abnormal heart action*, such as tachycardia, palpitation, irregularity, feebleness, slowness, etc. For the cardiac weakness and nervousness *caused by* the use of tobacco, tea, coffee, alcohol or sexual excesses, Cactina is *specially* valuable, and should be used *until* the heart and nerves regain their normal vigor. *To prevent cardiac depression*, it should be given *with* all antipyretics, anodynes, and hypnotics, and *after* all hypodermic administrations of morphia. It has no cumulative action, and is agreeable to the stomach in all conditions — in a word — Cactina is a *safe* and *efficient* cardiac and general tonic, and hence indicated in *every form* of debility.

 Each Pillet represents one one-hundredth of a grain of Cactina — the active proximate principle of *Cactus Mexicana*.

Dose.— One pillet every hour, or less frequent, as may be necessary.

PANANKH.

The Nerve Tonic.

The most powerful and most satisfactory combination of Nerve Tonic Remedies offered for the use of the Medical Profession.

PANANKH is an exceedingly valuable remedy in all derangements and depressions of the nervous system, as manifested by lassitude of mind, restlessness, insomnia, twitching of eyelids or other muscles, tiredness due to over-work or over-worry, incipient or advanced paralysis, night-sweats, impotence, spermatorrhoea, menstrual disturbance, etc.

In short, PANANKH is the most generally useful Nervous Tonic, Aphrodisiac, Stimulant and Tonic.

Dose: One teaspoonful to one tablespoonful, as directed by the physician.

DULCEDO.

This is the most perfect vehicle for disguising the bitter and disagreeable tastes of Quinine and other medicines. As it is in itself inert, it is never contra-indicated in any case.

One fluid-ounce will perfectly disguise the bitterness of up to 40 grains of quinine. The quinine should be mixed with the Dulcedo without admixture of acids. If it is considered desirable to give acids, they may be given in the form of acidulated drinks from five to fifteen minutes after taking the quinine in the Dulcedo.

Beware of unscrupulous impostors, who, after being with us a short time, in a clerical and menial capacity, claim to counterfeit our goods.

We have been in business too long and our specialties are too well known for us to make further comment.

We desire to call your attention to the fact that our NORMAL FLUID EXTRACTS are assayed.

In introducing them we realize the fact that it takes select drugs to make good extracts. In proof that we use the best grade of crude drugs, we invite an inspection of them, and also of our process of manufacturing, which is by re-percolation (no heat) by which 100 minims represent 100 grains of the standard drug. Our percolators are made to order and are exclusively of glass. Send for Catalogue.

THE ST. LOUIS Surgical & Gynaecological Hospital,

410 N. Jefferson Avenue, St. Louis, Mo.

This Hospital has been specially designed and built for the care of patients requiring surgical or gynaecological treatment, and it is believed that so far as sanitary conditions, ventilation, light and heating are concerned, this institution will compare favorably with the best in the land. The rooms are nicely and cosily furnished, the cuisine equals that of first-class hotels, the nurses are thoroughly trained, competent and required to be affable, gentle and attentive. Patients will find in this institution the comforts, and, if desired, the luxuries of a home, combined with the quiet, seclusion and trained nursing, such as one finds in hospitals only, and the security which comes from the knowledge of being under the direct and personal care of the Surgeon.

The operating room is a marvel of beauty and complete in its surgical appointments.

The charge per week, including room, board and ordinary nursing, will range from \$25.00 to \$35.00, according to location of room.

Patients desiring the constant attention of one nurse will be charged \$12.00 per week extra.

These charges are exclusive of Surgical Fees.

DIOVIBURNIA!

UTERINE TONIC, ANTISPASMODIC AND ANODYNE.

A reliable and trustworthy remedy for the relief of Dysmenorrhœa, Amenorrhœa, Menorrhagia, Leucorrhœa, Subinvolution, THREATENED ABORTION, Vomiting in Pregnancy, Chlorosis and after Pains; directing its action to the entire uterine system as a general tonic and antispasmodic.

Jno. B. Johnson, M. D., Professor of the Principles and Practice of Medicine, St. Louis Medical College.

ST. LOUIS, June 20, 1888.

I very cheerfully give my testimony to the virtues of a combination of vegetable remedies prepared by a well-known and able pharmacist of this city and known as DIOVIBURNIA, the component parts of which are well known to any and all physicians who desire to know the same, and therefore have no relation to proprietary or quack remedies. I have employed this medicine in cases of dysmenorrhœa, suppression of the catamenia, and in excessive leucorrhœa, and have been much pleased with its use.

JNO. B. JOHNSON.

L. Ch. Boislaniere, M. D., Prof. Obstetrics, St. Louis Medical College

ST. LOUIS, June 18, 1888.

I have given DIOVIBURNIA a fair trial and found it useful as an uterine tonic and antispasmodic, relieving the pains of dysmenorrhœa, and regulator of the uterine functions. I feel authorized to give this recommendation of DIOVIBURNIA.

L. CH. BOISLINIERE, M. D.

H. Tuholske, M. D., Professor Clinical Surgery and Surgical Pathology, Missouri Medical College.

ST. LOUIS, June 23, 1888.

I have used DIOVIBURNIA quite a number of times; sufficiently frequently to satisfy myself of its merits. It is of unquestionable benefit in painful dysmenorrhœa, it possesses antispasmodic properties which seem to especially be exerted on the uterus.

DR. H. TUHOLSKE.

To any physician, unacquainted with the medicinal effect of DIOVIBURNIA, we will send a sample bottle free.

Missouri * Baptist * Sanitarium,

909 Taylor Avenue, ST. LOUIS, MO.

The Missouri Baptist Sanitarium is legally chartered, and in the hands of 50 men and women amongst the strongest and best that the Baptists of Missouri could select. It is founded on business and benevolent principles, and it is a combination of all that is good in a sweet Christian home, hospital, health resort and medico-surgical institution. While it is owned and controlled by the Baptists of Missouri (130,000 in number), it is non-sectarian in its benefits. It is one of the most complete and thoroughly equipped hospitals in the west.

Its charges to patients are reasonable. It is peculiarly the hospital for physicians in or out of the city.

We are even more liberal toward the physicians, surgeons and specialists in the city and out, in the practice of the institution, than with our own staff, for we allow them to regulate their own prices, and give them equal rights in the institution, while we require our own physicians to make only very moderate charges, and require one-fourth of said charges to be turned into the Sanitarium treasury to help defray its expenses.

The hotel department meets with much favor among physicians who bring their patients here, as they can remain a number of days in the same building, near the patient, when they so desire, at the cost of \$1.50 a day.

The elegant dining room is a great attraction to convalescent visitors.

The bathing department, Turkish baths, etc., are of the most modern, and add greatly to the usefulness of the institution.

A cordial invitation is extended to the profession to visit and inspect the Sanitarium.

are natural in action, noiseless in motion, and the most durable in construction. The accompanying engravings are taken from life, and show that persons wearing one or two artificial limbs are able to engage in every occupation in its fullest capacity. The farmer wearing an artificial leg, the conductor wearing a pair of artificial legs with rubber feet, the miner with thigh amputation, and the ticket agent stamping tickets with an artificial arm, represent a few of the employments engaged in by persons wearing artificial limbs of Marks' patent.

## A NEW APPARATUS <sup>FOR</sup> CLUBFEET.

**A Sure Cure Guaranteed.**

The old Style Apparatus claim a great deal, but accomplish very little. I have made the treatment of clubfeet and other deformities my special study during the past 30 years in which I have been engaged in the manufacture of surgical instruments and apparatuses for deformed persons. I have gained undeniable success, and can refer you to young people who have been very badly deformed, have been radically cured by the use of my apparatus. I beg you to pay me a visit and convince yourself. My apparatuses are the results of life long and 30 years practical application.

The following persons have been completely cured of clubfeet: Mrs. Nauman; Mr. Balsekar, St. Jacob, Ills.; Geo. Morizmeier, 1030 S. 9th street; Mr. Fox, 1220 Sidney st.; H. Griesedieck, Jr., 1110 Park av.; F. Riechmann, 914 S. 2nd st.; Edward Freitag, 2804 N. Broadway; L. R. Cooper, 525 Clark av.; Christoph Mitter, 210-212 Walnut st.

# DOCTRESS LOUISA GREER

(FORMERLY SVOBODA.)

She positively cures diseases of all kinds, no difference what nature or state the diseases have attained. In the treatment of the

## Eye and Ear, Cancers and Ulcers

the Doctor has accomplished some of the most wonderful cures known to the medical profession.

Hundreds of testimonials and votes of thanks from patients, of which the following may serve as samples:

### A WORD OF THANKS.

Here, with great praise, we recommend Drs. Louisa Greer (formerly Svoboda), the wonder doctress, 2613 N. 12th street, for the quick and wonderful cure of sicknesses of the whole human family. Our mother was sick with yellow jaunders and sore eyes, our son with catarrh and sores in the nose. I was sick with catarrh and sore leg and my sister was sick with a sore finger. She cured us all in two weeks, and we recommend all to this wonderful cure.

LOUISA WEDIG and her Mother, LOUISA WINTRIG,  
2612 N. 15th, St. Louis, Mo.

### THE MOST WONDERFUL WOMAN

In the world is Doctress Louisa Greer (formerly Svoboda), of 2613 N. 12th street. I suffered for years with consumption, spending hundreds of dollars with different doctors, but could get no relief. A friend told me Dr. Louisa Greer had made many wonderful cures and advised me to go and see her. I commenced improving after the first treatment and in three weeks I felt like another man. I am now well and shall ever esteem her as my great benefactor. I would gladly give any further information regarding her if desired. Call on or write,

JOHN BORKE, 2711 Missouri Avenue, St. Louis, Mo.

### CURED BY PRAYER.

(St. Louis Chronicle.)

In a fight with a lot of negroes, police officer Michael J. Murphy strained the tendons in his left leg, and being exposed a few days afterwards was attacked with sciatic neuralgia and suffered intense agony. Morphine was used in large doses, but to no avail. He at last heard of Dr. Louisa Greer, who cured him by her mysterious power of prayer.

# THE BEST ANTISEPTIC.

For both Internal and External Use.

## LISTERINE.

NON-TOXIC, NON-IRRITANT, NON-ESCHAROTIC — ABSOLUTELY  
SAFE, AGREEABLE AND CONVENIENT.

**Listerine** is a well-proven antiseptic agent—an antizymotic—especially useful in the management of catarrhal conditions of the mucous membrane, adapted to internal use, and to make and maintain surgical cleanliness—asepsis—in the treatment of all parts of the human body, whether by spray, injection, irrigation, atomization, inhalation, or simple local application, and therefore characterized by its particular adaptability to the field of **Preventive Medicine—Individual Prophylaxis.**

**Listerine** destroys promptly all odors emanating from diseased gums and teeth, and will be found of great value when taken internally, in teaspoonful doses, to control the fermentative eructations of dyspepsia, and to disinfect the mouth, throat and stomach. It is a perfect tooth and mouth wash, indispensable for the Dental Toilet.

Diseases of the Uric Acid Diathesis.

## Lambert's Lithiated Hydrangea.

RENAL ALTERATIVE—ANTI-LITHIC.

Close clinical observation has caused LAMBERT'S LITHIATED HYDRANGEA to be regarded by physicians generally as a very valuable Kidney Alterative and Anti-lithic agent in the treatment of Urinary Calculus, Gout, Rheumatism, Cystitis, Diabetes, Hæmaturia, Bright's Disease, Albuminuria and Vesical Irritations Generally.

Realizing that in many of the diseases in which LAMBERT'S LITHIATED HYDRANGEA has been found to possess great therapeutic value, it is of the highest importance that suitable diet be employed, we have had prepared for the convenience of physicians, **DIETETIC NOTES**, suggesting the articles of food to be allowed or prohibited in several of these diseases. A book of these Dietetic Notes, each note perforated and convenient for the physician to detach and distribute to patients, supplied upon request, together with literature fully descriptive of LISTERINE AND LAMBERT'S LITHIATED HYDRANGEA.

## MEDICAL COLLEGES OF MISSOURI.

MISSOURI MEDICAL COLLEGE, St. Louis, Mo. P. Gervais Robinson, M. D., Deau, 2710 Washington avenue. Organized in 1840 as the Medical Department of Kemper College. In 1845 it became the Medical Department of the University of Missouri. In 1855 it assumed its present name. The first class was graduated in 1841. It was suspended during the war, and no students were graduated in 1862, '63, '64 or '65. It is sometimes called after its founder, The McDowell Medical College. The faculty embraces sixteen professors, four clinical professors, two adjunct professors, two assistants to chairs, three chiefs of clinics, sixteen clinical assistants, four lecturers and one instructor.

MEDICAL DEPARTMENT OF WASHINGTON UNIVERSITY (The St. Louis Medical College), St. Louis, Mo. Henry H. Mudd, M. D., Dean, 2604 Locust street. Organized in 1841 as the Medical Department of the St. Louis University. In 1855 it was chartered as an independent institution under the name of the St. Louis Medical College. In 1891 it became the Medical Department of Washington University. The first class was graduated in 1843. Classes have been graduated each subsequent year. The faculty embraces eighteen professors and twenty-five instructors.

UNIVERSITY OF THE STATE OF MISSOURI, MEDICAL SCHOOL, Columbia, Mo. Woodson Moss, Secretary. Organized in 1845. The first class was graduated in 1846. From 1845 to 1855 the Medical Department was situated at St. Louis. See Missouri Medical College. No degrees were conferred during the war, 1861-65. Only a junior medical course is now given. Faculty embraces seven professors, eight lecturers, three assistants and one demonstrator.

HUMBOLDT MEDICAL COLLEGE, St. Louis, Mo. Incorporated February 28, 1855, as the St. Louis College of Medicine and Natural Sciences. In 1859 it became the Humboldt Institute, a German college for the promotion of natural sciences and medicine. It retained this name until 1866, when the present one was assumed. Before the lectures commenced for the session of 1869-70, a split occurred in the faculty, a portion of which organized the College of Physicians and Surgeons. Lectures discontinued after the session of 1869-70.

AMERICAN ANTHROPOLOGICAL UNIVERSITY OF ST. LOUIS. A diploma from this University was presented for record in Indiana in 1885. This is the first instance that has come to the knowledge of the Board of any diplomas of this school being held in this country and presented as a qualification to practice medicine. Diplomas of this institution were sold in Scotland several years ago, and the attention of the Board was called to the same by Hon. John Eaton, then U. S. Commissioner of Education. Through prosecutions during the year 1885, in Germany, it has been ascertained that parties held diplomas from this institution in that country. This so-called institution never had a legitimate existence; only one of the original incorporators and officers is now living, and he says that he never signed a diploma.

BARNES MEDICAL COLLEGE, St. Louis, Mo. Pinckney French, M. D., Secretary, 904 Olive street. Organized in 1892. The faculty consists of eighteen professors, sixteen clinical instructors and one assistant demonstrator of anatomy.

ST. LOUIS WOMAN'S MEDICAL COLLEGE, St. Louis, Mo. George W. Broome, M. D., Dean, 520 Olive street. Incorporated in 1891. The faculty embraces twenty-four professors and two assistant professors.

# MEDICAL LAWS OF MISSOURI.

## AN ACT TO REGULATE THE PRACTICE OF MEDICINE AND SURGERY IN THE STATE OF MISSOURI.

*Be it Enacted by the General Assembly of the State of Missouri, as follows:*

SECTION 1. Every person practicing medicine and surgery, in any of their departments, shall possess the qualifications required by this act. If a graduate of medicine, he shall present his diploma to the State board of health for verification as to its genuineness. If the diploma is found to be genuine, and the person named therein be the person claiming and presenting the same, the State board of health shall issue its certificate to that effect, signed by at least five of the members thereof, and such diploma and certificate shall be deemed conclusive as to the right of the lawful holder of the same to practice medicine in this State. If not a graduate, the person practicing medicine in this State shall present himself before said board and submit himself to such examination as the said board shall require, and if the examination be satisfactory to the examiners, the said board shall issue its certificate in accordance with the facts, and the lawful holder of such certificate shall be entitled to all the rights and privileges herein mentioned.

2. The State board of health shall issue certificates to all who shall furnish satisfactory proof of having received diplomas or licenses from legally chartered medical institutions in good standing, of whatever school or system of medicine; they shall prepare two forms of certificates, one for persons in possession of diplomas or licenses, the other for candidates examined by the board; they shall furnish to the county clerks of the several counties a list of all persons receiving certificates. *Provided*, that nothing in this act shall authorize the board of health to make any discrimination against the holders of genuine licenses or diplomas under any school or system of medicine.

3. Said State board of health shall examine diplomas as to their genuineness, and if the diploma shall be found genuine as represented, the secretary of the State board of health shall receive a fee of one dollar from each graduate or licentiate, and no further charge shall be made to such applicant; but if it be found to be fraudulent, or not lawfully owned by the possessor, the board shall be entitled to charge and collect twenty dollars of the applicant presenting such diploma; the verification of the

diploma shall consist in the affidavit of the holder and applicant that he is the lawful possessor of the same, and that he is the person therein named; such affidavit may be taken before any person authorized to administer oaths, and the same shall be attested under the hand and official seal of such officer, if he have a seal. Graduates may present their diplomas and affidavits as provided in this act, by letter or by proxy, and the State board of health shall issue a certificate as though the owner of the diploma was present.

4. All examinations of persons not graduates or licentiates shall be made directly by the board, and the certificates given by the board shall authorize the possessor to practice medicine and surgery in the State of Missouri.

5. Every person holding a certificate from the State board of health shall have it recorded in the office of the county clerk of the county in which he resides, and the records shall be indorsed thereon; any person removing to another county to practice medicine and surgery shall procure an indorsement to that effect on the certificate from the clerk of the county court, and shall have the certificate recorded in the office of the clerk of the county to which he removes, and the holder of the certificate shall pay to said clerk of said county the usual fees for making the record.

6. The county clerk shall keep, in a book provided for the purpose, a complete list of the certificates recorded by him, with the date of the issue. If the certificate be based on a diploma or license, he shall record the name of the medical institution conferring it and the date when conferred. The register of the county clerk shall be open to public inspection during business hours.

7. [Providing for the payment of an examination fee of five dollars was amended by the striking out the entire section.]

8. Examinations may be made in whole or in part, in writing, and shall be of an elementary and practical character, but sufficiently strict to test the qualifications of the candidate as a practitioner.

9. The board of health may refuse certificates to individuals guilty of unprofessional or dishonorable conduct, and they may revoke certificates for like causes, after giving the accused an opportunity to be heard in his defense before the board.

10. Any person shall be regarded as practicing medicine, within the meaning of this act, who shall profess, publicly, to be a physician, and to prescribe for the sick, or who shall append to his name the letters "M. D.;" but nothing in this act shall be construed to prohibit students from prescribing under the supervision of a preceptor, or to prohibit gratuitous services in cases of emergency; and this act shall not apply to commissioned surgeons of the United States army, navy and marine hospital service.

11. Any itinerant vendor of any drug, nostrum, ointment or appliance of any kind intended for the treatment of disease or injury, or who shall, by writing or printing, or any other method, publicly profess to cure or treat diseases, injuries or deformities by any drug, nostrum, manipulation or other expedient, shall pay to the State a license of one hundred dollars per month, to be collected as provided by law, as all other licenses are now collected; and any person violating the provisions of this section shall be deemed guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine not to exceed five hundred dollars (\$500), or by imprisonment in the county jail not to exceed six months, or by both such fine and imprisonment.

12. Any person practicing medicine or surgery in this State, without complying with the provisions of this act, shall be deemed guilty of a misdemeanor, and be punished by a fine of not less than fifty dollars, nor more than five hundred dollars, or by imprisonment in the county jail for a period of not less than thirty days, or by both such fine and imprisonment for each and every offense; and any person filing or attempting to file, as his own, the diploma or certificate of another, or a forged affidavit of identification, shall be guilty of a felony, and, upon conviction thereof, shall be subject to such fine and imprisonment as are made and provided by the statutes of this State for the crime of forgery in the second degree, but the penalties shall not be enforced until a period of six months after the passage of this bill: *Provided*, that the provisions of this act shall not apply to those that have been practicing medicine five years in this State.

13. Whenever in this act it is provided that any duty or service shall be performed by any county clerk, such duty and service in the city of St. Louis shall be performed by the city register or health commissioner of the city of St. Louis, as if such officer was specially named to perform these duties and services.

14. All acts and parts of acts inconsistent with this act are hereby repealed.

Went into effect July, 1883.

The act providing for a State board of health also became a law July 1, 1883, and the board has been appointed. By Sec. 8 of this act, physicians, surgeons and accoucheurs are required, under a penalty of ten dollars, to report all births and deaths which may occur under their supervision.

# CAMPHO-PHENIQUE.

FOR PROFESSIONAL USE ONLY.

**Local Anæsthetic, Antiseptic, Germicide and Parasiticide.**

ABSOLUTELY NON-IRRITANT.

**A True Chemical Combination of Refined Camphor and Pure Chlorophenic Acid.**

It prevents suppuration in fresh wounds, whether incised or lacerated, and controls it in all stages: its local anæsthetic property *abolishes* or obtunds *pain* almost immediately, two qualities, which, combined, make it the *most effective vulnerary and dressing* yet offered to the Medical Profession.

## CHLORO-PHENIQUE. (Deodorized.)

**A Chemical Compound of Chlorine and Phenic Acid. An Antiseptic and Antizymotic, for Internal and External use, miscible with water in all proportions.**

DIANIN discovered and investigated the antiseptic properties of compounds of chlorine and phenol, and demonstrated them to be of the very highest order. In **Chloro-Phenique** we claim that we have the most powerful and valuable antiseptic and antizymotic of the entire series, being certain in action and non-poisonous and non-irritant.

Being soluble in water in all proportions, **Chloro-Phenique** is offered to the Medical Profession as an agent available in all cases where Bichloride of Mercury and Carbolic Acid have hitherto been used, and superior to either of them, in that it is non-poisonous and non-irritant.

We solicit the most careful and searching examination of its merits. Literature sent free and samples to any reputable dentist willing to pay express charges.
